The Fleet Air Arm Squadron

GENERAL INFORMATION

Squadron members are current or former Naval Aviators or those who have a connection with Naval Aviation. Many are members of the FAAOA (The Fleet Air Arm Officers Association) and all support the objectives of the Squadron.

Squadron members are Pilots who hold a current licence to fly and Observers who also hold a current licence or wish to fly with other Squadron members, and others who wish to support the Squadron in their particular way.

The objectives of the Squadron are to promote: -

- * **Flying to Squadron Events** in the Squadron's Programme. Some members may, of course, come by car.
- * **Flying** to and in support of Royal Naval Air Stations, the RN Historic Flight, the Fleet Air Arm Museum and the Memorial Chapel
- * **Flying Reports** and articles to our own Squadron Buzz, the Association News Sheet and other publications.
- * **Support for Future Naval Aviators** including participation at Gliding Courses by providing air experience in powered aircraft.
- * **Activity** in any form to promote the vital role of Naval Aviation to ensure that it is an effective and significant force within the Royal Navy and to support 'Fly Navy'.

The Squadron publishes **Squadron Buzz**, a newsletter produced three times providing news about Squadron members and their aircraft, a diary of events and articles of interest. A list of Squadron members is published annually and updated with each issue.

**We seek new members in particular those currently serving in the Royal Navy.
If you wish to be a Squadron Member and receive further information
please contact any of those listed below.**
